IGNORE THE WEATHER, ENJOY THE MOMENT

Working outside, cycling, climbing or just walking in the city, B&C Softshell jackets are ideal for a wide range of outdoor activities.

WATERPROOF

Wet fabrics rob the body of warmth. By keeping water out, the durably waterproof B&C Softshell Jackets prevent heat loss, so the wearer stays dry and comfortable, whatever the conditions.

WINDPROOF

Even light winds can penetrate most fabrics, this can be chilling and uncomfortable. Thanks to their inner membrane, B&C Softshell Jackets are windproof, to keep the wearer warm.

BREATHABLE

Good insulation is also about ensuring that body moisture can effectively escape, keeping the wearer dry on the inside too. The breathable membrane at the heart of the B&C Softshell fabric ensures that moisture evaporates easily, even during exercise.

PERFECT PROTECTION

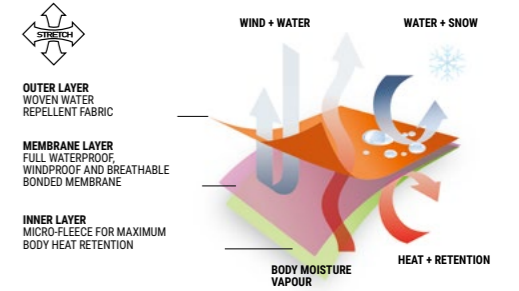

The strength of the B&C Softshell Jackets lies in their 3-layer construction. A waterproof, windproof and breathable membrane is bonded both to the outer fabric and the inner lining. The benefit: no movement between the layers, which means less wear and tear and enhanced durability.

B&C OUTERWEAR UNIT

DECORATION MADE EASY BY B&C

To make designs stand up, decorators need beautiful, premium quality and easy to print products. Our aim is to make the decorators happy by proposing a collection that provides the best canvas for printing or embroidery.

Each style of the B&C Outerwear Unit is designed to be decorated and to ensure great brand visibility.

OPTIMISED PRINT AREA

Decoration areas have been optimised on every style, to make sure you can make your customer's brand or message stand out.

EASY ACCESS SOLUTION

B&C Jackets are equipped with hidden entries to give easy access for decoration and avoid any limitations - that you would expect from a lining or padding - without compromising look, finishing and quality.

Display your ideas on the back, on the front and in some cases on the sleeves too.
